CONSERVATION

Saving Ecosystems. Saving Lives.

visit us at [ecolifeconservation.org](http://ecolifeconservation.org)

**OUR MISSION IS TO PROTECT  
WILDLIFE, OUR NATURAL  
RESOURCES, AND THE PEOPLE  
WHO DEPEND ON THEM.**

**ECOLIFE BEGAN WITH A PROMISE** to remember that humans are a deserving and integral part of nature.

We approach conservation holistically, by addressing the biggest threats to life on earth. We focus on providing simple solutions to the leading causes of both wildlife extinctions and human deaths.

People live in ecosystems. People impact ecosystems. And people have the power to protect ecosystems. At ECOLIFE, we empower human communities to become the healing nature needs.

Since 2003, we have worked tirelessly at the intersection of humans and wildlife, saving ecosystems and lives while creating a safer planet for tomorrow.

**ECOLIFE**  
CONSERVATION

# PROTECTING WILDLIFE BEGINS WITH **SAVING HABITATS**

Our planet's rapidly expanding human population has left little space for species to exist in their natural habitats. **We implement low-impact cooking and growing methods** to reduce resource consumption and habitat loss while supporting struggling communities.

We use aquaponics, a type of sustainable agriculture, **to provide food and education** to areas with limited access to healthy foods.

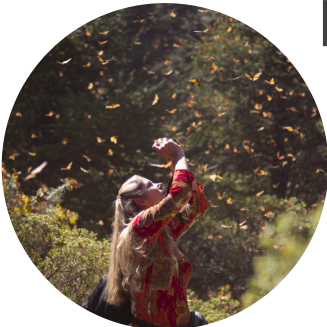

# SAVING HABITATS BEGINS WITH **SERVING COMMUNITIES**

Nearly 3 billion people around the world cook over open fires. The health effects from breathing the trapped smoke make it the deadliest killer of people in the world, and firewood harvest is a leading cause of deforestation and climate change. **We build fuel-efficient stoves that protect community health while saving habitat for local species.**

# REAL CHANGE **BEGINS WITH YOU**

We work around the globe to protect vulnerable wildlife and support healthy communities, and **we cannot do it alone.** We welcome you to join our passionate community of change makers committed to a world where humans and nature prosper together. Visit our website to learn more about our work, and contact us to learn about the **many ways to get involved.**

# HELPING HUMANS AND NATURE PROSPER TOGETHER SINCE 2003

## GET INVOLVED WITH OUR VIBRANT COMMUNITY

We'd love to meet you. Throughout the year, we offer opportunities to **travel with us**, attend **beautiful events**, tour our facilities in North County San Diego, and **volunteer with us** for a memorable hands-on experience.

## 100% OF DONATIONS GO TO OUR PROGRAMS

Our esteemed Board of Directors covers all of our overhead costs, so every dollar donated goes directly into our life-saving conservation work.

## JOIN US TO PROVIDE CRUCIAL PROTECTION TO THE VULNERABLE COMMUNITIES AND HABITATS THAT NEED US.
